Experience

Co-Founder, We Less Than Three
Brooklyn, NY — 2009-2015

Founded this boutique studio with my partner and bootstrapped the business to profitability within the first year. Grew from the ground up to a diverse portfolio with clients in a broad range of industries, but with a particular focus on start-ups and sustainability/green businesses.

Sr. Front-End Developer, Channel Factory
(remote) Los Angeles, CA — 2012-2013

Lead front-end development of the public facing websites and B2B software products for this start-up from MVP to commercial launch. Worked with the CEO and back-end team to develop the product timeline, and managed a small team of developers and designers.

Art Director for New Media, HBO
Los Angeles, CA — 2006-2008

As the first AD of new media at HBO, I oversaw the production of a handful of websites and web series. In short, anything that didn't go on TV went through me. I managed a small team of designers and developers and held a primarily development focused role.

Skills

Most days I use: *HTML5, CSS3, Javascript, jQuery, PHP, MySQL, Git, CLI, SASS, Grunt, Jekyll, Wordpress, Codeigniter, Shopify and Photoshop CC*
Some days I use: *Angular, Node.js, Ruby/Rails, React, Backbone, Ember, MongoDB, Gulp, Coffeescript, Ghost (CMS), Drupal, Sketch and Illustrator CC*

Projects

I co-founded a monthly peer lecture series called Presentation Party Night that ran for 5 years in Brooklyn, NY. I also started a design/development collective called Bushwick Happy Hour that focuses on non-profit organizations.
